

**Subject:** AAAA Update 25 May 2006

Greetings,

Thanks you to all who responded to my last email and plea for nominations for the committee; the response was almost embarrassing. Just about all positions have now nominees with a good mix of intakes/ages, some retired, some serving and some in business but a bit biased to the eastern states. However, we can now go forward with our inaugural meetings to ensure our Rules are workable before calling for applications for membership. I have attached the committee nominee list for information, if anyone feels like nominating for the Welfare Officer, Member and Representatives still open please contact me; the Welfare Officer is particularly important to fill.

I will contact the Committee shortly with information regarding the inaugural meetings to be held in Canberra over the weekend 22/23 July.

Regards

Frank
